WELCOME TO THE HEROES

Sampson's Fleet Arrives at New York From Cuban Service.

GREAT DEMONSTRATION IN HONOR OF RETURNING VICTORS.

New York, Aug. 20—Special—Sampson's victorious fleet was sighted off the Highlands at five o'clock this morning. Three hours later the ships were in the lower bay, heading for the naval anchorage at Tompkinsville. At Sandy Hook on the giant flagstaff a broom was hoisted signifying to the sailors that they had swept the ocean clean of the Spaniards. Signal flags saying: "Well done, boys!" flew from the flagstaffs.

The noise of the greeting began as soon as the fleet was sighted in the upper bay. Guns boomed at intervals, and steam craft on the river blew their whistles. Thousands lined the wharves and shore, and cheered the ships and their valient men. The vessels moved majestically up the river, and cast anchor almost opposite Grant's tomb.

The fleet entered the bay headed by the flagship New York. She was followed by the Iowa, Indiana, Brooklyn, Massachusetts and Oregon in the order named. At ten o'clock Mayor VanWyck and party were taken to the fleet by a police boat. They boarded the New York, and were greeted by Admiral Sampson and his aides. Formal welcomes were exchanged, and Mr. VanWyck then delivered an address to the commander of the fleet, who, in a few words, thanked him and the nation. At the conclusion of the ceremonies the mayor and party returned to the shore and soon thereafter the naval pageant got under way and started for Grant's tomb.

Released From Quarantine.

New York, Aug. 20—Special—The hospital steamer Relief was released from Quarantine this morning. Private Miskell, of the Second Wisconsin, died of typhoid fever shortly after midnight.

Willing to Abandon Colonies.

Madrid, Aug. 20—Special—The Imparcial directly supports the Nacional in advocating the entire liquidation of the colonies, meaning the abandonment of the Philippines. Public opinion appears increasingly quiescent.

Will Hold the Philippines.

Washington, Aug. 20—Special—It is stated that the president is about committed to the policy of retaining possession of the Philippines. He has been carefully sounding

public sentiment of late, and finds that a general reluctance exists to giving up the advantages gained by our arms there. He has made inquiry of Gen. Merritt as to the exact scope of the surrender at Manila, and finds that it embraced the entire Archipelago. This is disputed by the Madrid government, and a settlement will have to be deferred until an official copy of the capitulation is received. Officials here who have the opportunity of knowing express the conviction that there will be no surrender of the territory secured in the Philippines, but that the American flag will continue to wave there till the end of time.

Promotions in the Navy.

Washington, Aug. 20—Special—The president made the following promotions today: Commander Howell to be rear admiral vice Rear Admiral Norton, retired; Lieutenant Commander Winslow, advanced five numbers; Lieut. Edwin Anderson, same; Chief Engineer Cowie, advanced three numbers.

A Murderer Escapes.

Soldiers Going Home.

Chattanooga, Aug. 20—Special—The First Illinois cavalry leaves Wednesday for Springfield. The Fifty-second Iowa leaves at the same time for Des Moines.

THEY DIED TOGETHER

Suicide of an Aged Couple at Milwaukee Who Had Lost All They Possessed in Chicago.

Milwaukee, Wis., Aug. 20—[Special]—Hugo and Catharine Zeller were last evening found dead in their room at the boarding house of Mrs. Wilhelm Goetz, 91 Martin street, and it is supposed they committed suicide. They were without money, and their board bill was due today. It amounted to \$3.50. Evidently the struggle for existence had become too hard for the aged couple. The man was 65 years of age and the woman his senior by three years, and they had decided to die together. Poison was used, and when found by the people with whom they boarded, Mrs. Zeller was sitting in a rocking chair with her feet in another chair, as if she had dozed away, while her husband was lying on the bed, his face covered with a cloth. They spoke of having lost \$1,700 they had invested in a Chicago building and loan association.

YOUSEFF'S BODY SEEN

Corpse of "The Terrible Turk," Drowned on La Bourgogne, Observed Floating in Ocean.

Boston, Aug. 20—[Special]—The steamer Corintia, just in, reports having seen the bodies of five persons floating near Sable Island. All wore life belts. One of the bodies was that of a man of exceptionally large proportions, believed to be that of "the Terrible Turk," Youssef, the well known wrestler, who defeated Evan Lewis at Chicago a few weeks ago.

ANDREE HEARD FROM

west says Andree has been heard from, but does not state whether the aeronaut is dead or alive.

JOHN HARRINGTON and Roy Hoffmaster are home from camping near Indian Ford.

LEE WILL COMMAND

Late Consul General Will Head the Army of Occupation.

TERRIBLE EFFECTS OF DISEASE ON SOLDIERS FROM FRONT

Washington, Aug. 20—Special—It has been definitely settled that Gen. Fitzhugh Lee will command the army of occupation in Cuba, with headquarters at Havana. He will take his own corps, the Seventh, in which is included the First Wisconsin regiment, and these will constitute the guard of honor. The corps will not start for Cuba for several weeks to come, so that all danger from yellow fever will be over. The troops at Havana will occupy the quarters that are to be vacated by the Spanish crack regiments that have been stationed in Havana ever since the war began, and will have the best of accommodations the city affords. It will be the choicest location in all Cuba, although, of course, not exempt from all the hardships and dangers incident to soldier life.

Sick Are Starved.

New York, Aug. 20—Special—The horrors of war were made plainly vivid when 150 sick and dying soldiers were taken from the transports at Mobile yesterday. When the men were carried off on stretchers, and the blankets were accidentally blown aside, their ribs stood out like those of starved animals. Their knees and elbows bulged, and the bearded faces in some instances wore almost the looks of maniacs. The spectacle was so bad that many women wept.

Lays Blame on Spaniards.

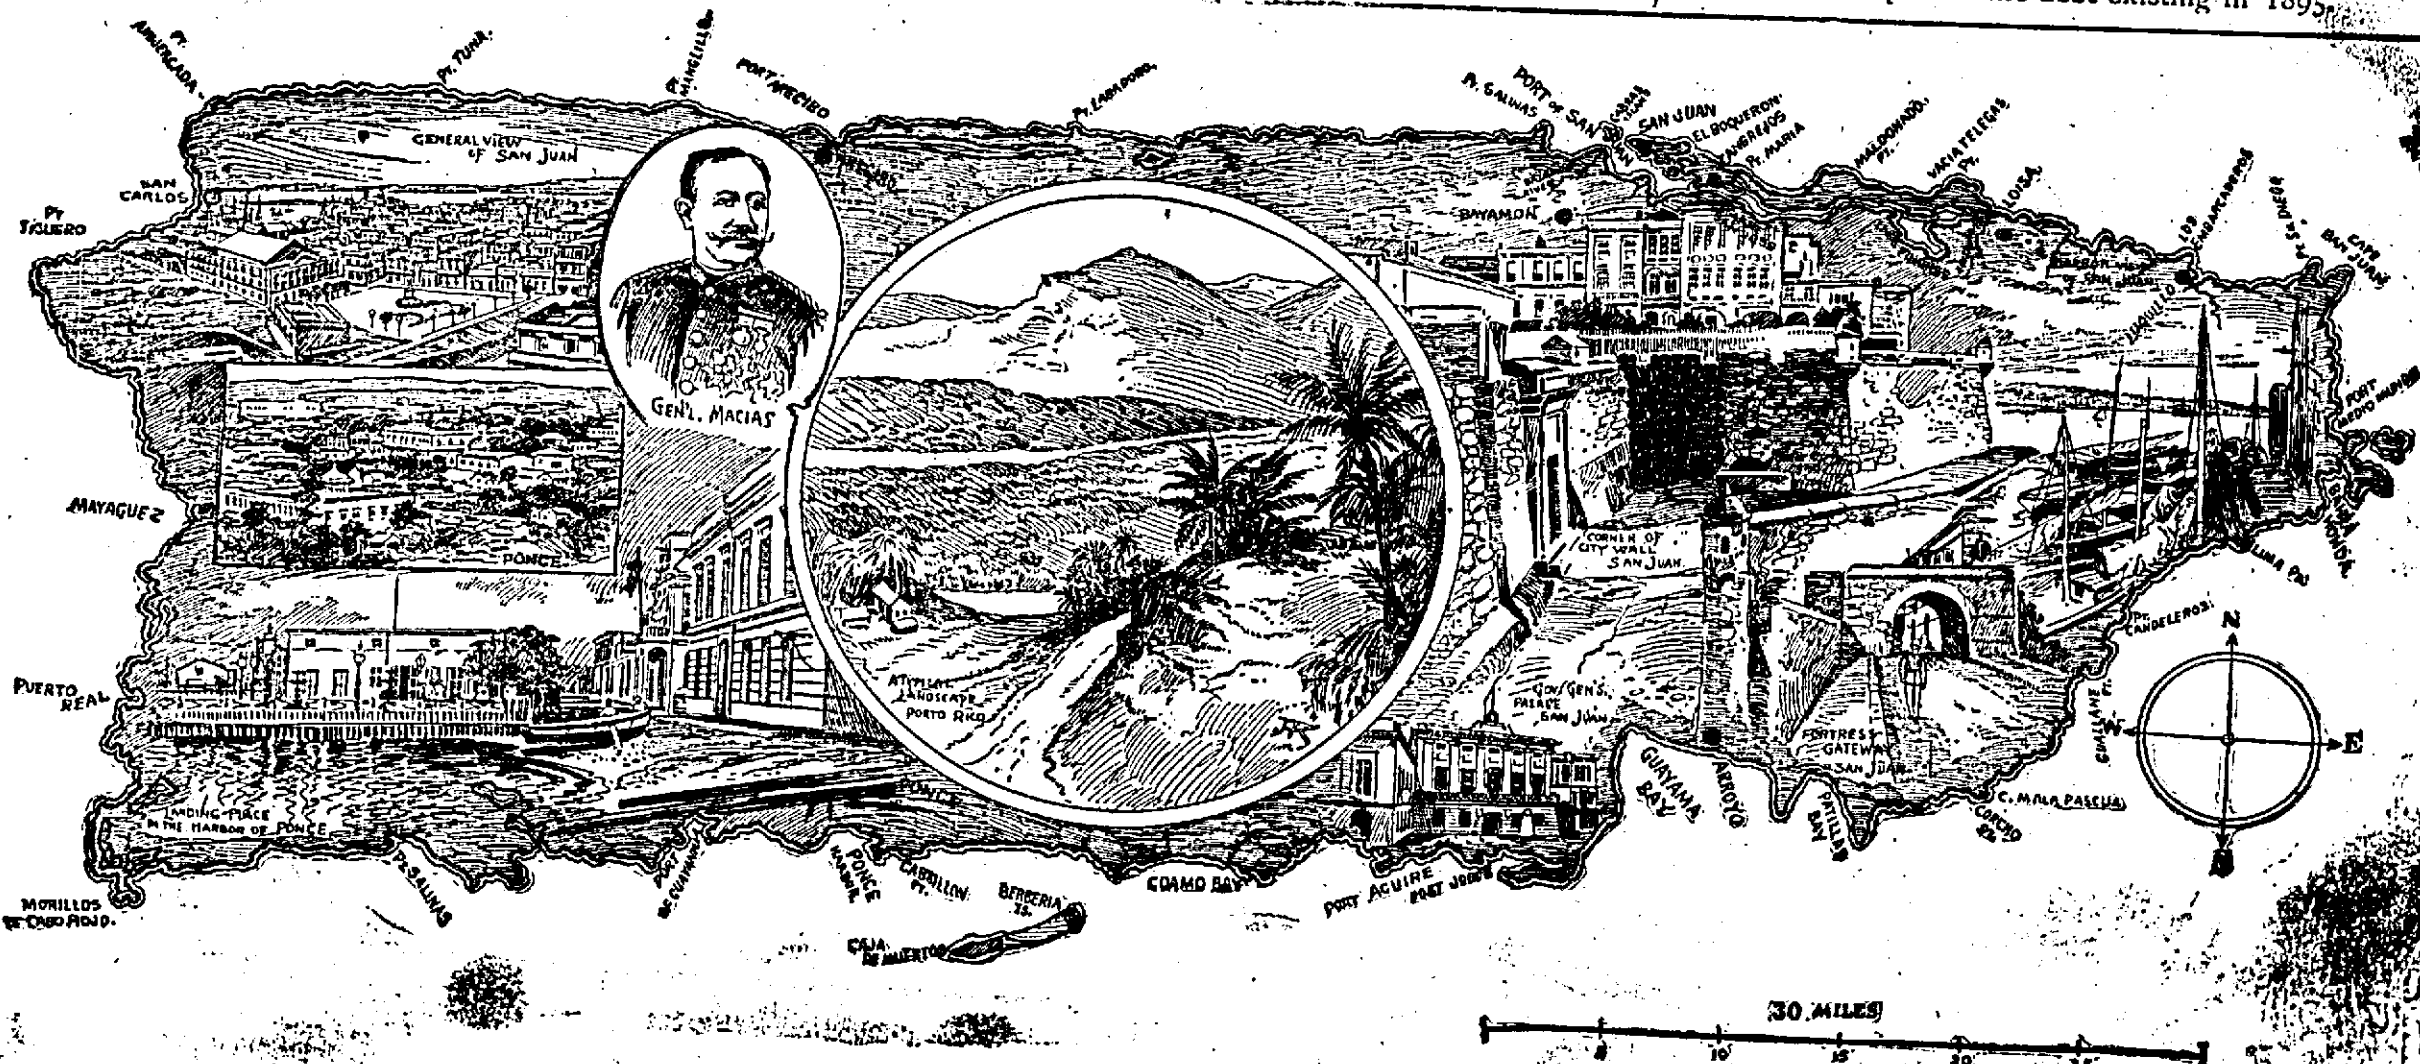

Washington, Aug. 20—Special—Cuban leaders here are worried over the existing conditions in Cuba. Quesada, in charge of affairs here, says deserters from the Spanish army are responsible for the situation at Santiago for which the Cubans are blamed.

To Garrison Guantanamo.

Santiago, Aug. 29—Special—A battalion of the Third regiment has been ordered to Guantanamo for garrison duty. This is the first step in the United States plan of establishing its military authority in the provinces outside the city.

The Cuban Debt.

London, Aug. 20—Special—A Madrid dispatch says Spain is preparing detailed instructions for the Cuban and Porto Rican commissions. It will make a strong effort to saddle on Cuba part of the debt existing in 1895.

SERVICES IN THE LOCAL CHURCHES

COOLER WEATHER WILL HELP GOOD ATTENDANCE.

All the Pulpits Will be Filled at the Usual Hours Tomorrow—Union Services at the First Methodist in the Evening—Accommodations Will Be Ample.

The cool weather has brought a revival of interest in the religious work of the city clergy. All the city pastors have one, who is in Europe, have returned to their pulpits, and services will be held on schedule time tomorrow. There is a disposition among the clergy to prosecute their work among the young of their flocks with increased ardor. They recognize the fact that the future growth of the churches will depend largely upon the rising generation, and that if the youth are interested in religion, there need be no fear of a continued and healthful development of religious sentiment. As one clergyman expressed it the other day, "The young are the sails of the gospel ship; the old are the anchors by which it is stayed." This sentiment expresses the prevailing opinion among those concerned in the growth of the church, and it promises to be the impelling motive of the clergy all over the land, and especially in Janesville.

SHERWOOD IS AGAIN ON DUTY

Returning Good Health Allows Him to Again Enter the Service.

Charles E. Sherwood, the well known engineer on the Chicago & Northwestern railroad, who left Janesville a few months ago to enter the tea and coffee business in Milwaukee, is once more back in the harness, and is now in charge of the morning passenger between Freeport and Milwaukee, which arrives in Janesville each morning. When Engineer Sherwood left the Bower City he was not in the best of health, and his physician advised him to leave the road and take a long rest. He then decided to enter into business in Milwaukee. Of late he has been steadily on the gain in health, and he wouldn't be satisfied until again in charge of the iron horse.

Engineer Sherwood has been in the service of the railroad since he was sixteen years old, and is one of the best known engineers on the Chicago & Northwestern.

CUSHMAN BADLY INJURED.

Killed From the Top of a Telephone Pole While At Work.

Alfred Cushman, who left Janesville a few weeks ago as a lineman for the Wisconsin Telephone Company, and who has of late been working on the new Monroe-Janesville metallic line west of this city, fell while at work on a pole, breaking the large bone of his right wrist, besides badly injuring his right foot. Cushman, while at the top of a pole, lost his balance and fell to the ground with great force. The accident happened near Albany.

The telephone crew have now reached Monroe, and the work of rushing the line through to Dubuque is already well under way.

SMALL NUMBER FROM HERE

Knights of Pythias From This City Will Be Lacking

The Knights of Pythias from Janesville promise to be scarce in connection with the Indianapolis convocation and session of the supreme lodge, which will assemble in that city on August 28.

Considerable interest will be manifested in the session of the supreme lodge, however, as Ogden H. Fethers, of Wisconsin, is the leading candidate for the position of deputy supreme chancellor, which is a direct stepping stone to the highest office within the gift of the order. Among the prominent members who will be present from this state, and who have seats in the supreme body, will be, besides Mr. Fethers, Harry I. Weed, of Oaklough, Frank B. Haskins, of Fond du Lac; M. G. Jeffries, of Janesville; Joseph Schroeder, of Racine, and Frank Barry and L. W. Halsey, of Milwaukee.

From reports thus far received at headquarters it is apparent that the attendance of knights from this state will be smaller than ever before at a national convocation and supreme lodge session.

CHOOSE DELEGATES AS MATTER OF FORM

DEMOCRATIC CAUCUSES WERE SLIMLY ATTENDED.

Nobody Seemed to Care What Was Done, and It Was Hard Work to Find Enough Voters—Those Present Elected Themselves and Let It Go At That.

The democratic caucuses were held last evening for the purpose of choosing delegates to the county convention to be held at the court house on Monday, August 23 at 2 o'clock, to nominate county officers for delegates to the county convention, to elect delegates to the state convention; for delegates to the county convention to elect delegates to the congressional convention and for delegates to the First district assembly convention to nominate an assemblyman. As none of the conventions, named will nominate any candidate, but as a gloom of a chance of election, the caucuses were spiritless and without incident, barely enough people attending to fill out the list of delegates. In several instances it was found necessary to send a search warrant after persons supposed to be democrats in order to make up the legal complement of voters.

The following delegates to the several conventions were named:

WHAT THE PROTOCOL MEANS.

Sagasta Calls It Merely a Suspension of Hostilities.

WILL QUIBBLE OVER MANILA.

Spanish Premier Claims the Surrender Was Void—Numerous Problems Are Likely to Delay Agreement on Proposed Terms.

Madrid, Aug. 20.—El Liberal publishes remarks made by Senor Sagasta on the diplomatic and political situation, quoting the premier as follows: "From a legal point of view the present state of things is neither peace nor war, but merely a suspension of hostilities. An armistice would have allowed us to better dispel the obscurity of the situation, but the United States declined to agree to our making a step further in advance."

"The questions to be solved are numerous and complex. What we have done first is to lay down certain bases, on which each minister may make any observation which study of the subject suggests. These will continue to be treated in daily cabinet councils, it being held that the bases in question are the fundamental instructions for the guidance of the various commissions in the forthcoming negotiations, to be supplemented and rectified subsequently by telegraph."

"In Cuba, besides evacuation, there are many other problems. Spain may abandon her sovereignty over the greater Antilles, but there will remain the question of edifices and all our properties. There are lawsuits before the tribunals affecting the interests of the Spaniards. When and where will these be decided? In Havana, where a large number of criminals have been condemned by the Spanish tribunals, what is to be done with them? Then there are other questions for which we have to fix a basis of discussion and agreement regarding the Philippines. Besides these and other problems of greater importance there is a preliminary question to be discussed."

"According to international law a suspension of hostilities had been signed and the surrender of Manila ought to have no legal efficacy. How will that principle be understood by the United States? This causes us much anxiety and we give it great attention, but we are still awaiting the information demanded from Gen. Jaudenes, which has not yet reached us, on account of the difficulties of communication between Manila and Hongkong."

These remarks have all the appearance of being authentic, as they are in accord with information from other sources and in harmony with Senor Sagasta's usual style. The public is still anxious for an explanation of Gov.-Gen. August's mysterious departure from Manila, but its curiosity is not likely to be satisfied for some time, the government declining to say anything.

It is rumored that the government will instruct the Cuban commissioners to present a strong case for the recognition of Spanish claims for compensation for the cession of public works in Cuba, the compensation to take the form of saddling upon Cuba the bulk of the Cuban debt existing in 1895. The papers advocate the strengthening of Ceuta and Andalusian ports in anticipation of Anglo-Russian eventualities.

WARY OF THE SENATE.

President McKinley Said to Have Fears for a Treaty.

Washington, Aug. 20.—A prominent republican senator, who has discussed foreign affairs with the president since the suspension of hostilities, expresses the opinion that the peace treaty with Spain may be submitted for ratification at the next session of congress. He says the absence of a well-defined policy toward the Philippines compels the president to proceed with much care and deliberation, and that he will be cautious not to commit the government to a plan of action that will not meet the support of a majority of our people. The senator declares the president is aware of the existence of a strong sentiment in the senate in opposition to territorial expansion which may develop enough votes to defeat the ratification of a treaty providing for the annexation of the Philippines.

It is for this reason that he believes, should the president be convinced that public sentiment requires the annexation of the islands, the treaty may be withheld until after March 4, when the president expects the senate will reorganize with a larger republican vote.

Sick Men Brought Home.

New York, Aug. 20.—The United States hospital ship Relief has arrived here from Porto Rico with sick and wounded soldiers. The Relief left Ponce on the 14th and Mayaguez on the 15th inst. She carried 248 sick and wounded soldiers from Gen. Miles' army. Ten deaths from typhoid fever occurred on the voyage. Nine of the victims were buried at sea.

Four deaths from typhoid fever occurred on the Relief while she was lying in Ponce harbor. The bodies of these four were taken ashore and buried.

SAYS AMERICA MUST KEEP CUBA.

London Times Believes It Will Be Hard for United States to Let Go.

London, Aug. 20.—The Times says editorially that it foresees circumstances which may compel the United States to a permanent occupation of Cuba, and adds: "If America is pre-

pared to undertake the responsibility of the government of the whole Philippine group it is hard to see how any other power could legitimately interfere. If the United States repudiates such responsibility a very perilous state of things might ensue, because it would not be easy to dispute the right of other powers to terminate the state of anarchy. Therefore many difficulties will be avoided by American annexation. In any case, no European power need reckon upon finding the United States as easy to coerce as Japan."

Archbishop at the White House.

Washington, Aug. 20.—Archbishop Ireland has been in Washington several days, and there is considerable speculation as to the reason for his visits to the white house and the executive departments at this time. The archbishop states that his call upon the president was purely social, but from information obtained through other sources there is reason to believe that if Archbishop Ireland is not personally engaged in helping the administration solve the Cuban and Philippine questions, other representatives of the Catholic church are deeply interested in the matter and are giving the president such information as they believe will assist him in defining a policy.

Four Illinois Soldiers Dead.

Washington, Aug. 20.—Four deaths among members of Illinois regiments were reported Friday as follows: Private Arthur T. Cooper, Company G, 2d Illinois regiment; died at Jacksonville; lived in Evanston.

Ashley Fields, Company M, 1st Illinois regiment; died at Santiago of malarial fever Aug. 17; lived in Bourbon, Ind.

Herbert H. McCormack, Company I, 1st Illinois regiment; died of malarial fever on the Olivette on the way from Santiago; lived at 351 Jarvis street, Toronto.

James H. Spencer, Company I, 1st regiment; died on the Olivette on the way from Santiago.

Four Men Selected.

Washington, Aug. 20.—Although there has been no official announcement on the subject, it is generally believed that President McKinley has selected four of the five members who will constitute the peace commission. The selections are subject to revision, however, and when the list is made public it may not contain some of the names which are now slated. The members whose appointment has been practically determined upon are Secretary Day, Senator Davis of Minnesota, Gen. Benjamin F. Tracy of New York and former Gov. McCreary of Kentucky.

Spain's Troops in Revolt.

Havana, Aug. 20.—The officials at the palace are now endeavoring to solve one of the most difficult problems with which they have had to deal for a long time. It is the pacification of the regular army troops now on the island, who have not been paid for many months. Two army officers said positively that the army would never evacuate the island until it had been paid. They also say that it will never give up its arms until taken from it or unless it is paid.

Monitors to Be Sent to Cuba.

A LONG-FELT WANT.

It Is Supplied At Last In Janesville

It is hard to always be pleasant. Good natured people are often irritable. If you knew the reason you would not be surprised. Ever have itching piles? Not sick enough to go to bed or well enough to be content. Nothing will annoy you so. The constant itching sensation. Hard to bear; harder to get relief. Keeps you awake nights. Spoils your temper, nearly drives you crazy? Isn't relief and cure a long felt want? It is to be had for everyone in Doan's Ointment. Doan's Ointment never fails to cure itching piles. Eczema or any itching of the skin. Here is proof in the testimony of a citizen:

Mr. L. Lawrence, of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "I tried about everything recommended for itching of the skin, but found nothing to give me relief until I struck Doan's Ointment, which I obtained at the Janesville Co's. drug store. I had an affliction of the skin on my face caused from the burning oil about the engine and dynamo. My face itched and annoyed me, and rubbing it only made it worse and made it sore. I could hardly stand shaving, for the skin broke and bled. A few applications of Doan's Ointment removed the itching and healed up my face in a few days. I would not be without this remedy in my house, and I certainly recommend it to others in need of such a preparation." Doan's Ointment is sold for 50 cents per box by all dealers. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U.S. Remember the name, Doan's, and take no other.

MR. LA FOLLETTE'S OPPORTUNITY.

It is a source of regret among the many friends of Robert M. La Follette, and he has many friends in the state who do not follow him in his wild race for office this year, that before the republican convention closed in Milwaukee, he did not improve the opportunity of placing himself right with the party.

Mr. La Follette is a magnetic leader, a masterly organizer, and an untiring worker. Such energy as he displays, would be a tower of strength in any party if wisely directed.

Standing before the people defeated, at the close of a contest that he inaugurated and waged with energy to the finish, wisdom would suggest that he accept defeat gracefully, and say as do many of his followers, "The war is over; now I am in for the success of the republican party."

It is perfectly natural in the heat of a campaign that men should talk of battling the tickets if their candidates are not successful. The party first, and the servants afterwards, is the prevailing sentiment. Mr. La Follette can do much to redeem his mistakes by coming out squarely and manfully for the ticket. His friends have a right to expect a declaration of loyalty at least.

THE SENTINEL'S FLIGHT.

The Milwaukee Sentinel, after a futile effort to convince the republican party that it was wrong, finds it difficult to swing into line, and heartily indorses the action of the convention. It is very evident to a casual observer that the Sentinel favored the nomination of Mr. La Follette. The paper, like the administration, has long been carrying a load of dismantled quill drivers.

The administration will enjoy the benefits of a good thorough house-cleaning in January.

If the men who are furnishing money to the Sentinel are wise, they will follow suit at an earlier date.

PEACHES ARE GETTING CHEAP

The Great Michigan Crop is Beginning to Come This Way.

Peaches, which have been held in this city at high prices, will soon be a thing of the past. The first of the long-looked-for fruit crop from Michigan has arrived in the market, and from now on we can expect peaches of a better grade at a lower price. The crop this year is a large one, and the quality above the average.

The different varieties now being sent out are the Lewis seedlings, Crane's yellow, Barnard's, Early Crawford's, Eagle's mammoth, Brunson's seedlings and Chillis. These are all freestones. The amount of fruit which these trees produce is amazing. One man near Benton Harbor picked 300 baskets of Amends from eight trees. One thousand baskets from twenty-five trees is not uncommon.

ODD FELLOWS BEING SUED

Norton Says He Intends Keeping After Delinquent Members

A. B. Norton, who was in Janesville not many months ago bringing suit against local Odd Fellows as delinquent members, has now started out on a general circuit of the state railing havoc with all who fail to settle.

Norton, it will be remembered, appeared in the Rock county circuit court representing J. L. Fulton, assignee of the Wisconsin Odd Fellows' Mutual Life Insurance company, and secured judgments for amounts varying from \$3.04 to \$26 against something over 75 delinquent members of the defunct association who had neglected to keep up their assessments.

He goes to Sparta, where he will begin 325 cases of a like nature, then to Maunston, 47 cases; Portage, 74 cases; then on to Montello and Dartford.

THEY WOULD BE GOVERNOR

Democratic Stairmen Who Are Said to Have a Bee in Their Bonnets

Milwaukee, Aug. 20.—It is now the turn of the democrats and populists. Candidates for governor spring up daily, and among those launched upon the public within the past week are Charles Barwig, former congressman of the Second district, who resides at Mayville Dodge county. The other candidates mentioned are ex-Congressman Clinton Babbitt, T. E. Ryan, of Waukesha, Thomas Haddon, of Ashland, Gabe Bonck, of Oaklath, James L. O'Connor, former attorney general, and many others. E. O. Wall, formerly chairman of the democratic state central committee, is also said to have aspirations for the governorship.

LIEUT. RICHARDSON IS WELL.

Richardson was listed as among the invalids on the steamer Olivette, but it is presumed that he made a quick recovery. He will go on to New York from Fort Monroe, and may be given a furlough long enough to permit of his visiting Janesville.

SOMETHING IS WRONG IN CAMP

RELATIVES OF SOLDIER IN JACKSONVILLE ALARMED.

Gen. Bancroft Asserts That the Management of the Camp is Wretched and the Medical Staff is Neglectful.

Gov. Scofield Urged to Look Into Matters.

Relatives of the soldiers of Company A, First regiment, now camped at Jacksonville, are greatly concerned regarding the health of the camp. Much has been said in condemnation of the condition of affairs there, and several have attempted to excuse the existence of abuses which jeopardize the lives of those compelled to endure them. It is apparent to the most obtuse that those in authority have been neglectful of the most ordinary sanitary precautions, and that much of the sickness that prevails at Jacksonville is due in large measure to this neglect.

As bearing out this view of the case the statement of General Bancroft, recently in command of the brigade in camp at the Florida city, is entitled to both attention and credence. In an interview in Boston the other day he sharply criticized the management of the army, and told how the troops had been inadequately provided for as regards equipment and care, and emphatically declared that the army must be reorganized to be of further utility. Speaking of affairs with the seventh army corps at Jacksonville he said:

A Strong Indictment
"The conditions attendant upon the arrangements to guard against sickness were bad in the extreme. By the laws of the city of Jacksonville the troops were not allowed to dig necessary trenches in the usual way pursued by an army either in camp or when engaged in a campaign. Tubs were merely sunk in the earth and these were very few in number considering the thousands of men in camp."

"My brigade was encamped in a swamp, and the effect of the poor sanitary arrangements I have spoken of was terrible. Why, in one of my regiments, the 1st Wisconsin, ten men alone died of typhoid and dysentery and nearly 200 were down with fever due to the same cause. The loss to this regiment by death in the camp due to the cause which I have described was fully that of some of the regiments now at the front."

"Then the tangle was bad. Another cause of trouble was that the men themselves were not conversant with the first rules necessary to preserve health in camp. Then there was carelessness somewhere in providing medical attendance. When I got to the camp I recognized the deplorable sanitary conditions and I worked early and late to provide a remedy."

Doctors All At Headquarters

"Imagine my surprise when I learned after my efforts that medical service which should have been applied to the camp had been ordered to duty at division headquarters. I do not care to say who is responsible. My opinion, however, is that men, and particularly volunteers, cannot become soldiers in a day, a week or a month. I have made military hygiene a study in connection with my position in the Massachusetts militia."

"The army should and must be reorganized. When I took command my efforts were misconstrued by some men in my command. They were not used to discipline. Many were poorly equipped and improperly clothed. Some were inclined to call me a 'dude,' but after a while they were inclined to have a more kindly opinion of me, as they found that my efforts were solely directed for their welfare."

"The men in the regular army were better off in every way. This was due to the older veterans taking the newer ones into their care, giving them the benefit of their experience as to preserving cleanliness and guarding against unnecessary exposure, improper diet, etc."

Something Is Wrong

The Milwaukee Sentinel, speaking editorially of the condition at Jacksonville, says:

"There appears to be no explanation for the mortality among the members of the First Wisconsin regiment in camp at Jacksonville, Fla., other than sheer neglect. There is no mystery to physicians about the causes of typhoid fever. There is no dispute of the official assertion that the conditions of the camp arrangements at Jacksonville are favorable to an epidemic of the disease. Even if there was assurance that precautions had been provided against the increase in fever cases, the deaths announced daily would convince the public that the men are victims of gross mismanagement on the part of somebody in authority. The death rate seems to have increased since Gen. Bancroft secured the facts of his statement, although the dispatches to The Sentinel of yesterday say that 'the general health of the regiment shows improvement.'"

"With peace declared and the disbanding of part of the army in progress, the government should be able to give to the regiments retained in camp the necessary attention and care to insure that we shall not lose a greater percentage of men from disease in our own country than are sacrificed in battle end by yellow fever in the less healthful islands which have been occupied by our invading forces."

Foresters Attention.

There will be a special meeting at I. O. G. T. hall at 7:30 o'clock this evening. J. A. Canniff, O. E.

ADVENTURES OF A SNAKE

Escaped and Slept All Winter Around Some Warm Chimney.

One day, through an accident, three of the reptiles in a Boston zoo escaped. One was quickly caught, and a second was discovered after a prolonged search under one of the boilers in the basement all coiled up in a nice, warm spot, says the Boston Transcript. The third, however, was never found until spring, when he fell from the roof of the public library building. It is supposed that he had been asleep all winter coiled up around some warm chimney on that or a neighboring building. The few days of warm sunshine warned the serpent that summer was a hand, whereupon he proceeded to shed his skin and appear in a new spring coat. His skin is bright and clean and beautifully marked, and his eye is clear and snapping, all of which, together with his general liveliness, is a sign to the snake men that he has just cast off his winter coat. There was, naturally, a considerable scattering of the crowd about the building when his snakeship tumbled down to the ground. He was harmless and stunned from the fall from the gutter, where he had been squirming along in search of something to eat. He was easily captured by a couple of patrolmen, hustled unceremoniously into a bag and imprisoned in a cell at station No. 4 in the bottom of an iron ashbarrel, which the policemen took good care was well covered and made amply secure by a big weight. F. C. Postock, formerly of the zoo, is now at the exposition in Omaha, Neb. Thomas Earley is his eastern agent and Mrs. Earley and one of the employees went to the station-house to get the snake. Capt. Wyman rang for a patrolman and asked him to "bring up the snake for the lady." The patrolman replied that he would bring up the barrel if he liked. Evidently he did not care to handle the serpent, an unknown quantity to him. At this point, Henry Gillis, an old hand at the business, who has been with Postock for three years, and bears the scars of animal fights, relieved the patrolman's anxiety. He went down into the cell and reached down into the barrel, catching his snakeship by the throat. The latter retaliated by twisting his head, opening his capacious mouth and fastening his teeth in Gillis' right hand. This exchange of compliments did not disturb Gillis, who wound him once around his neck and held him at arm's length. In that fashion he carried him across the street to the hotel, where he was boxed up and sent to Omaha, marked "live stock." Gillis said that the wound was painful, but he anticipated no serious results. After the reptile had been boxed up he went to a physician and had the wound cauterized. It shows plainly the marks of each sharp tooth of the vicious snake. There are thirteen distinct wounds where the upper teeth sank into the flesh and three in a group showing where the lower teeth took hold. Upon the palm of the same hand Gillis had a big scar, where the sharp claws of a South American puma had mangled the flesh.

Novel Form of Insurance.

A new form of accident insurance policy, guaranteeing the holder against the consequences of the damage he may inflict upon others, is being issued in Paris. Parisian drivers are notoriously reckless, and they look upon this method of protecting themselves at small cost as a good thing. The scheme robs the running down of pedestrians on the streets of half its terrors for the cabbies and other drivers, but doubles the danger for the unfortunate pedestrian. This may account in part for the news that Paris pedestrians have threatened to arm themselves with revolvers as a protection against the operators of the automobile vehicles.

LAI TO REST WITH MILITARY POMP

REMAINS OF HARRY GIFFORD BROUGHT HOME FOR BURIAL

The First Military Funeral in Janesville Since the Rebellion—Body Followed to the Grave By a Large Concourse of Soldiers and Citizens—Elaborate Floral Offerings.

When young Harry Gifford offered his services to his country a few months ago he did it with the full knowledge that his life might be required of him. But he did not falter. He heard the call of duty and obeyed as cheerfully as he would have heeded an invitation to pleasure, for he believed the cause of his country to be right and its triumph essential to the advancement of good government throughout the world. He would gladly have marched to the field of battle and shed his blood freely amid the sanguinary strife at Santiago, but the privilege was denied him. He was no less a hero, however, when death laid him low in the camp hospital at Jacksonville. The intent of his enlistment was to fight for the flag under which he lived, but fate decreed that he should perish of disease before the order to advance came to his regiment.

It is a comfort to his surviving relatives that the government has sent his mortal remains home to be buried among scenes which he loved so well, and that his grave might be watered by the tears of mourning relatives. And the reception that awaited the body was one to stir the most apathetic into a feeling of renewed patriotism and to kindle anew a high admiration for the enthusiasm and devotion of those who are now at the front, ready to do and die for their country.

The First Military Funeral.

It was the first military funeral in Janesville since the war of the rebellion. Other cities in the state have been called upon to mourn for their heroic dead. Harry Gifford has been the first from this city to give up his life. The reception of his remains here was an event long to be remembered. There was every evidence of sincere mourning. All the military organizations of the city turned out in full force. The Old Janesville Guard, one of the best militia organizations of former days in the state of Wisconsin, was represented by its surviving members. The Grand Army of the Republic marching with measured tread, was out in force. The tread of the veterans was less elastic than it was thirty-three years ago when they returned victoriously from the south; their hair was silvered with the snows of many winters; their eyes were dimmed with the mists of the passing years. The Christ Church cadets were out—mere boys as yet, but filled with military ardor. They may be the heroes of the next war for freedom. The women of the city were well represented in the cortege by the Women's Relief Corps, the Daughters of the Revolution, and the Soldiers' Aid society. All wore upon their faces the sympathy that all women feel for those in affliction. The procession through the streets was headed by the Imperial band which played a dirge for the dead. Many business houses closed their doors during the ceremonies as a mark of esteem for the dead, and the city flags were at half mast during the day.

Floral Offerings.

Flowers bore silent testimony to the feeling of the community toward the dead soldier. The grave was banked with fragrant offerings. From the Daughters of the Revolution came a wreath of roses bearing the card:

In loving remembrance
of one who died for his
country.

The Light Infantry sent an elaborate piece showing the crossed cannons, the banners and eagle of the volunteer service. There was an anchor from the girls of the Janesville Clothing company factory. A coverlet of roses seven feet by three, sent by the employees of the Parker Pen company, hid the coffin from view, as it was borne to the grave. A handsome floral pillow was sent by Mrs. John Decker, and a great mass of carnations was sent by Mrs. J. M. Boatwick.

Received at the Depot.

The remains of Private Harry Gifford arrived in the city this morning at 11:40 o'clock over the Chicago & Northwestern road from Jacksonville. On account of their arrival one hour ahead of schedule time, but few were at the depot to receive the body. From the baggage car the remains were tenderly placed on an awaiting truck, and were then wheeled to a shady spot beneath the depot platform roof. Sergeant Benjamin Brown, of Company A, who resides at No. 15 Pearl street, accompanied the remains north. The body was not shown, the remains in the coffin being placed within a metallic lined box that was tightly sealed.

The Coffin Hidden in Flowers

When the noon hour arrived friends from all sections of the country arrived at the depot carrying flowers. The coffin soon after its arrival was draped first with the American flag. On the flag was placed flowers so plentifully that the entire top and sides of the box were hidden from view. Mothers, fathers and sweethearts who have loved ones in the south were principally the donors.

The Procession

At 1 o'clock the funeral procession took up its march direct from the

depot. The hearse stood at the corner of Academy and Wall streets and to it the remains were borne by the six bearers, who slowly wound their way through the line formed by the members of the G. A. R., Christ Church Cadets, ex-members of the Light Infantry and the ex-members of the Janesville Guards and the Bower City Rifles, who stood with bowed and uncovered heads.

The pall bearers were former members of Co. A, as follows: W. J. Nichols, O. E. Wright, Charles Young, John Russell, Jerry Broesman and Anton Haneyold. Chief of Police Hogan and Officer Appleby headed the line of march, which came down South Academy street to Milwaukee street and down Milwaukee street and north on Franklin street. Following the police escort came the Imperial band playing a funeral march. Behind the band came the Christ Church Cadets in charge of Captain Koebelin, while next in the line was members of the G. A. R., W. H. Sargent Post No. 20, in charge of Commander C. D. Child. Twenty-eight ex-members of the Janesville Guards and Bower City Rifles followed, while in their rear marched twenty-eight ex-members of the Light Infantry, each carrying a small American flag. The pall bearers were next in line, and marched aloft in front of the hearse.

Eight ex-members of the Light Infantry marched as escort, four on each side of the hearse, and each man with a musket reversed in hand. Those who acted as escorts were: Herman Zander, Louis Borrell, Julius Fetisoff, Walter Rice, Guy Olin, A. E. Fiddie, Gustave Lueck and George Renschler. At the Cemetery.

At Oak Hill cemetery Rev. J. R. Smith, of the First Methodist church, conducted services that were brief but appropriate to the occasion. As the coffin rested beside the grave it was fairly buried beneath floral tokens of love. At the close of the services the remains were interred in the Light Infantry lot.

The escort squad then fired three volleys over the grave, and the last chapter in a drama that has brought sorrow to the hearts of the entire community was brought to a close.

THREE BAD YOUTHS BEFORE THE COURT

HAVE BEEN CONFINED FOR FIVE DAYS.

Police Charge Them With Several Crimes Of Serious Nature—Prisoners Under Fifteen Years Of Age—Court Lectures Them and Then Turns Them Over to Their Parents.

On the charge of burglary, three boys whose ages range under fifteen years, were before the bar of justice in the municipal court this morning. The prisoners were Willie Hessian, son of Martin Hessian; Merrill Stamper, son of Alex. Stamper; A. Pierce, son of Mrs. Mary Pierce. All three were so small that their little heads barely reached above the bar.

Admits In Crime.

It is doubtful if such small youths were ever before arraigned in the local court, and when it is taken into consideration that the police charge them with several crimes, one does not wonder at their arrest. Since the first of the week this trio of midge law-breakers have been confined in the Rock county jail. It may seem hard to give such juvenile offenders this treatment, but under the circumstances nothing else could have been done. When arraigned in court the first of the week they were held for trial, and as they could not give the necessary bail they were remanded to jail. To have given them their liberty would only have allowed them a chance to run away, which no doubt they would have made good use of. In court this morning all three boys were closely watched by Chief Hogan and Under Sheriff O'Connor for fear that they might run out at the first opportunity.

Did Not Intend to Steal

"Stand up here, boys," said Acting Judge L. F. Patten. All three stood in a row and cast their eyes down at the floor. A good lecture was given them, and then the boys were allowed to speak for themselves. All said they had no intention of stealing anything from the Nicholas Walsh blacksmith shop on Wall street, which they entered last Sunday. Their parents then came forward and stated to the court that they did not realize that they had such bad boys, and that in the future they would see to it that they were looked after. The court then discharged the little trio and they left the court room a happy lot.

Trained In a Bad School

According to the police this same trio are not model youths. It is said that they had been sleeping in a vacant house on West Milwaukee street prior to their arrest. It is also said that they broke into a North Main street store and stole two hundred cigars not long ago. They are all accused of boarding an outgoing freight on the Northwestern road recently and after entering a watermelon car on the train throw from it ten melons when the train came to a stop at the crossing near Milton Junction. Then they disembarked and enjoyed a feast. If arrested again they will likely be sent to the reform school.

LADIES MADE A SUCCESS OF IT

Concert and Ice Cream Social For the Soldiers' Benefit.

Nearly all of Janesville listened to the music of the Imperial band at the court house park last evening and ate ice cream as a means of providing comforts for the soldiers of Co. A, at Jacksonville. The ladies of the Soldiers' Aid society had the privilege of the park, and improved the opportunity to the full. Ice cream in plenty and cake by the basketful was served by neatly attired waitresses, members of the first families of Janesville, and their sweet smiles and captivating manner no doubt increased the sales materially. At any rate a total of \$45 was realized, every penny of which will be expended in the purchase of comforts and delicacies for those of the city's soldier boys who are lying sick with fever in the hospital at Jacksonville.

The music of the band was fully up to the standard, yet the ladies' presence was the chief attraction of the evening. They were unremitting in their attention and diligent in the discharge of their self-imposed duty. The occasion was a delightful one in every respect, and reflected the highest credit upon those having it in charge.

It is safe to say that if the ladies of every community from which soldiers have gone were as solicitous of their welfare as are those of Janesville, camp life would not be as arduous or as comfortless as it now is in some regiments stationed in the south. Certainly there are no women anywhere who labor with more zeal than do those of this city to reduce to the minimum the hardships incident to a soldier's life, and they are deserving of all praise and encouragement.

OSHKOSH STRIKE IS OVER

Formal Notice Given of the Termination Of the Trouble

Oshkosh, Wis., Aug. 20.—At a meeting of the woodworkers last evening the cash and door strike was formally declared off. It lasted fourteen weeks. Mr. Kidd returned to Chicago this morning. At the examination held yesterday a strong effort was made by George Greene, of Green Bay, to show that Kidd, George Zontor and Michael Troiber were conspirators against the business of the Paine Lumber company. Arguments of counsel were heard, but not concluded. The case will probably close today.

It takes three hours for Chicago evening papers to get to Janesville. It takes less than one second for the telegraph to cover that distance. The Janesville Gazette receives full press association dispatches, and the news is three hours later than that of Chicago and Milwaukee evening papers sold in this part of the state.

COOK CAN'T SPOIL.

Grape-Nuts Need No Cooking and the Flavor Is Assured.

People want food that has a palatable toothsome taste, and one that will recall a pleasant taste wherever the name is mentioned. That feature is a strong one in Grape-Nuts, the new breakfast food, made by Postum Co., Battle Creek, Mich.

No cooking is required, hence the taste is not dependent upon the cook, but is just what the makers intended it to be.

It is often served cold and dry with a bit of rich cream in part of the sauce.

If one wants a hot dish, a little hot milk can be poured over some Grape-Nuts, and there you are, a most fetching dish, furnishing the high nutritive value of grape-sugar.

OBJECT TO LIGHT INFANTRY OCCUPYING CUBA.

The Receipt of News Of Their Going To the Island Causes Much Dissatisfaction—Many Want a Petition Circulated—The Climate Would Prove Fatal to Scores.

Shepard L. Sheldon and Ross King are expected to reach home tomorrow evening on sick leave. Both are greatly in need of care and their recovery is likely to be slow.

"It was very difficult to secure a furlough even on the plea of serious illness," said A. H. Sheldon this morning. "Gov. Scofield finally took the matter in hand and insisted that the furlough must be granted, whether or no."

Fear Going to Cuba

There is much concern over the report that the First Regiment may be consigned to Cuba and it has been suggested that a petition against such action be circulated. Many feel that to send the boys into Cuba would be nothing less than sending them to the grave.

In case a petition is circulated it will be addressed to Governor Scofield, asking him to use his power and influence to prevent the regiment from being sent to the island of Cuba, or any of the West Indies, as part of the army of occupation.

Afraid of Disease.

It is claimed that Company A is not in proper condition to withstand the disease incident to the climate in those islands, that a needless sacrifice of life, health, and physique would be caused by their being sent to those places; that more than sufficient troops can be sent as such army of occupation who are natives of the extreme southern states and are accustomed to a hot climate, and therefore more secure from the fatal diseases prevailing at this season.

Many from here also hope that Governor Scofield will endeavor to have the First regiment included in the number to be mustered out according to the recent order for the mustering out of the greater portion of the volunteer force, for the reason that long confinement in camp with all of its accompanying evils will inevitably result in increasing at a fearful rate, the present great amount of disease and death.

DEATH IN A CLODBURST.

Five Children Lost Their Lives Near Pittsburgh Yesterday.

Pittsburg, Aug. 20.—A cloudburst in Saw Mill Run on Friday caused a tidal wave in that stream which endangered the lives of a dozen persons. Five children are missing and are supposed to have been drowned. They are:

IRENE LOFTUS.
REGIS LOFTUS.
GENEVIEVE SHAUGHNESSY.
MARGARET SHAUGHNESSY.
NELLIE SAULS.

The missing children, together with some older persons, were standing on the porch of a tenement house in Votlet alley, in the rear of Main street, near West Carson. This porch overhung the run. When the great wave, twenty feet high, came down the stream, the porch was carried away, and the people went with it. Mrs. John Loftus, mother of the two children first named, and two men were the adults in danger. The woman made a heroic effort to save her children, but to no purpose.

Near the mouth of the run the sand dredge Pittsburg was moored, and when the men in it saw the wreckage approaching and the people struggling for life they stopped all else and went to the rescue. The men and the woman were carried out into the Ohio river, but were saved by the sand diggers. The woman's excited admiration of all who saw the catastrophe by her efforts. She was almost overwhelmed a number of times, but each time fought off the debris and came to the surface.

The great body of water did much damage. A sand bar fifteen feet high at the foot of the run was washed away.

There was a heavy and continuous downpour of rain throughout western Pennsylvania from midnight until 8 o'clock this morning, and considerable damage was done by washouts and the overflowing of small streams, but so far as known there were no other casualties.

Hard Luck of Gold-Seekers.

San Francisco, Cal., Aug. 20.—Three schooners, with gold hunters, are still scheduled to arrive in this city from the east. Of these, the Mildred E, now out 161 days from Boston, is the only one likely to get here. The Actaea party, when last heard from, were stranded at Buenos Ayres, and the Stowell Sherman's crew was in the same predicament at Montevideo. The Actaea is 174 days out from New York, and the Sherman 268 days from Boston.

Keeping Watch for Fever.

Washington, Aug. 20.—The war department authorities are not alarmed about yellow fever among the troops in the United States, but a close watch is being kept at all points where there is the least danger. The three cases at Key West are the only ones reported in the south and no additional cases have been reported in the last three or four days. At Montauk Point there are several suspicious cases, but if it is yellow fever it is of a very mild type.

Will Pay Shafter's Men.

Washington, Aug. 20.—Maj. Sniffen, one of the paymasters at Santiago, who was sent to that place to pay Gen. Shafter's army, sailed today for Montauk Point. Owing to the departure of the army, only about one-third of the troops were paid while at Santiago. As soon as the paymasters are released from quarantine at Montauk they will begin the payment of the remainder of Gen. Shafter's army.

No Extra Session of Senate.

Washington, Aug. 20.—Senator Cannon of Utah, who has been in Washington since congress adjourned, will leave for his home in a day or two, having received positive assurance that there will be no extra session of the senate this fall, as had been for some time anticipated. Senator Cannon believes that an extra session will follow adjournment March 4.

Bremen Molders on a Strike.

Laporte, Ind., Aug. 20.—One hundred molders, comprising the entire force at the Holland radiator works at Bremen, this state, are out on strike. The trouble is the result of an altercation in regard to extra labor. J. G. Holland, one of the principal stockholders, is endeavoring to restore peace.

General Morales Is Dead.

Washington, Aug. 20.—United States Minister Hunter of Guatemala cables the state department that Gen. Morales, leader of the revolution, was captured in a cave Wednesday, and died on his way to prison at San Sebastian.

Dr. J. I. Terry, of Trimble, Tenn., in speaking of Chamberlain's Colic, Cholera and Diarrhoea Remedy, says: "It has almost become a necessity in this vicinity." This is the best remedy in the world for colic, cholera morbus, dysentery and diarrhoea, and is recognized as a necessity wherever its great worth and merit become known. No other remedy is so prompt or efficient, or so pleasant to take. Sold by People's Drug Co., E. Milwaukee street.

Corea Seeks German Consul.

Yokohama, Aug. 20.—The Korean government, in replying to the request of the German consul for a railway concession, announces that Corea proposes to establish a national railway bureau, and also to construct her own railways, consequently no concessions will be granted.

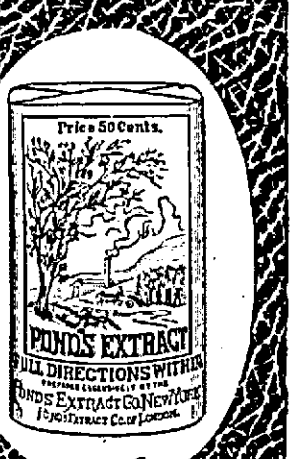

Camp Thomas Begins to Break Up.
Camp Thomas, Chickamauga Park, Ga., Aug. 20.—A general breaking up of Camp Thomas is about to begin. Gen. Breckinridge Friday announced that it was the intention of the war department to move all the troops from here, except 15,000 or 20,000.

make this claim for goodness of quality without knowing it positively to be a fact. We have seen it tested and do not hesitate to recommend it highly. I. X. L. cold water Starch has given the best satisfaction thus far with people who have used it. It's a new article and is taking wonderfully well, and as it becomes better known will take the place of other brands in Janesville homes. We bought in large enough quantity so that we were enabled to secure the jobbing price, and can make lower prices to the trade than is usual throughout the county. The regular retail price of I. X. L. Starch is 10c per package. We are putting it out 3 packages for 25c. Give I. X. L. Starch a fair trial. There will be no question as to your verdict.
